

ORGANISATION AND POLICY COMMITTEE REPORT

EC MEETING APRIL 2013

CONSTITUTION

This has been through several drafts in past 12 months and a final version is now complete. It is intended to run this past ISAF for their comment prior to sending out to Members for their comment.

REGULATIONS

The re-drafting of these has started but can only be completed once agreement has been reached on the Constitution. It is intended that these should all be finalised in time for the next General Assembly.

BANK ACCOUNT

Although not strictly an O&P Committee activity, I can report that we now have electronic access to our account. Unfortunately this is only available for UK residents. In the long term we need to decide if we wish to retain the account here. I would however recommend that we do change the name of the account to bring it into line with our current name. If we could include an agenda item for this in our planned meeting, which is minuted and signed by the Chairman and Secretary, this would suffice. If this was then forward to me and I will take the necessary action with the bank.
